

A Support Group for Women who are Married to High-functioning Men on the Autistic Spectrum/Asperger's

- Have you ever wondered what happened to the man you married?
- Is he very different from the man who wined and dined you when you were courting?
- Can you not recall the last time he told you he loved you?
- Does he spend hours surfing the web, playing his favorite video game, or watching his favorite TV show without asking you how you are or what you would like to do?
- Are you worried that his behavior has negatively affected your children?
- Are you afraid to raise these issues in fear of his response?

The group is run by **Dr. Laurie Leventhal-Belfer**.

Dr. Leventhal-Belfer has worked with children, families, and adults on the Autistic Spectrum/Asperger's Disorder for the past 25 years.
